Course of the Tracing. Foreign markets were reported as quiet but better on the satisfactory news of a definite basis of settlement of the Moroccan dispute at Algeciras. London prices for Americans came variably charged. Local bankers reported that Europe was again buying American stocks, and the late heaviness in demand sterling exchange was attributed to the offering of bills drawn against such sales. The local market opened moterately active and irregular. The failure of any of the disturbing rumors of the preceding day to materialize, influenced short covering in

MORE GOLD IMPORTED BY CITY BANK

Institution Picks Up \$1,250,000 Additional in Berlin-Demand Ster-

ling Breaks Sharply. It became known late yesterday afternoon that the National City Bank had arnoon that the National City Bank had arranged for an additional import of gold to the amount of \$1,250,000. They amount, it was reported, was picked up in two lots of \$750,000 and \$500,000 in Berlin. A report, which, however, could not be confirmed, was to the effect that the gold had been released in Berlin by Russia and amounted practically to an importation from Russia.

A report that this importation, like the one preceding it from London, was of a "special nature" was denied by the linguistic porting bank. There it was said that the porting bank. There it was said that the amount and Dayton and the Père Marquette to have receivers appointed for the Cincinnati, Hamilton and Dayton and the Père Marquette to have receivers appointed for the Cincinnati, Hamilton and Dayton and the Père Marquette to have receivers appointed for the Cincinnati, Hamilton and Dayton and the Père Marquette to have receivers appointed for the Cincinnati, Hamilton and Dayton and the Père Marquette to have receivers appointed for the Cincinnati, Hamilton and Dayton and the Père change transaction, and one which showed
